A Drunken Skeptic's Dream.

[BY H. DUNSTON.]

'Twas on a dark and starless night, I heard and saw an awful sight. I thought I saw the gulf below. Where all the living drank and ate. My awful woe no tongue can tell. I heard another mournful yell. And a group still lower down. And I raised my head and heard them tell. This is the place where Bacchus dwells. Around him stood a weeping crowd. With noses red and voices loud. They gnashed their teeth and sighed.

This is the whisky seller's home. I traveled on and got there at last. Then tried to take a social glass. Put every time I stirred it well. I thought about the devil's hell. I dashed it down and left the place. And went to seek refreshing grace. I bowed my knees to Jesus' throne. And raised my voice in humble prayer.

The very moment faith began. Ten thousand joys around me spun. Then I went home to change my life. And see my long neglected wife. I found her weeping by the bed. Because her infant boy was dead. I told her not to cry and weep. Because her babe had gone to sleep. His happy soul had fled away. To dwell with Christ through endless day.

I took her by her pale white hand. She was so weak she could not stand. I laid her down and breathed a prayer. That God would bless and save us here.

Then I went to temperance hall. To take a pledge among them all. They met me with a welcome hand. Five sober years have passed away. Since first I bowed my knees to pray. And still I'm living a sober life.

Have a good home and a lovely wife. Oh, may the Legislature live. Enact good laws through the land. And stop old whisky's onward march. From all the mountains to the coast. Then, drunken crimes will have to cease. And leave the land of Tennessee. Then, all her people will be blest. With sober care in every breast.

HOW TO VOTE.

Col. Bradley in his Speech at London

Tells the people the good things of the Republican Party.

I appeal to you to vote for the Republican party, which has established in this land the same rule that prevails in yours, that under God's sunlight the flag shall never wave over the head of single slave. (Cheers.) My friend speaks of the wonderful performance of the Democratic party, of what it has done in the past. I am unwilling to rob it of any wreath it is entitled to. It has done good things, but it is so long since it did them, that the statute of limitations must be brought to bear on them. (Laughter and cheers.) The Republican party was rocked in the cradle of freedom. It came into power after centuries of slavery in this country, when God himself seemed silent to those who were in bondage, and it reached down its hands and lifted up every man and said to him, "Stand forth and be an American citizen with all the rights of American citizenship."

I love the Republican party. I am proud of its history, and when we are gone, when we have passed over the river and have been gathered to our fathers, when our memories shall have been forgotten, the name and the fame of the Republican party will grow brighter and brighter until the last syllable of recorded time. (Cheers.) The time has never been, and the time will never be, when the name of Lincoln and Grant will be outshone by those of any other men that have ever lived, or that may live. The Republican party to day stands for liberty. We are not undertaking to follow like camp followers. The managers of the Democratic party have led this country to the brink of hell, and to the brink of ruin, and I say it is the duty of honest Democrats to say that they shall not be led any longer, that we shall not have hung a ring in our noses and be pulled along.

Endorse Bradley's Course. All that talk about the Republicans at Covington being sore about Bradley failing to go from Famine to Covington is only Democratic rot. The following resolutions were passed by the Kenton County Republican League Club by a unanimous vote:

Resolved, By the Kenton County

Resolved, That we condemn in severest terms the attempt of a gang of political ruffians urged on and encouraged by gangsters and officeholders from Frankfort, to break up the late joint debate at Famine by insulting and howling down Col. Bradley in an half dozen repulsive and distinct efforts on his part to speak.

Resolved, That we hereby resent the insult thus premeditatedly offered the Republican candidate for Governor, and tuther he it.

Resolved, That we indorse most earnestly the refusal of Col. Bradley on the occasion referred to, to further subject himself to gross insult by further attempting to address the assembly, and that we fully indorse the action of the Republican State Committee in cancelling the date of all future joint debates between the two gubernatorial candidates.

The meeting was the most enthusiastic ever held by this club, and all were outspoken in their condemnation of the Eminence on stage.

Sutherland's Eagle Eye Salve is new and original in style of package and medicinal qualities. It is not only a cure for all kinds of sore eyes but is guaranteed to give satisfaction as an ointment for old sores, piles, etc.

Don't take a five dollar reading notice calling attention to a one dollar ad. You wouldn't give a man a box of cigars along with a package of cigarettes—well we guess not.

When the children drink bad water and eat too much green fruit, or have the stomachache or diarrhea from any cause, you needn't be alarmed about them. If you will get a 25c or 50c bottle of Dr. Bell's Anti-Flux they will be at play in half hour after the first dose. Z. Wayne Griffin & Bro.

Don't take a paper from the post office for five years and then refuse to pay for it because you "never subscribe for it now." This is thievish, pure and simple. You could have refused it four years and eleven months before.—[Danville Advocate.]

When your child is eating an apple or a piece of bread put one of Dr. Bell's Tiny Tonic Tablets in it. If there is any constipation here it will pass off just as easy. All dealers sell them at 25c a vial. Z. Wayne Griffin & Bro.

Being a gentleman it was quite natural that W. O. Bradley should withdraw from a joint debate with his opponent not only failed to discuss the issues of the day but worked on the worst prejudice of his hearers and then ended up by introducing flood-lights to yell him down.

The New York World, the greatest Democratic paper in the country, thus speaks of the Kentucky Democrat nominee for Governor: "There is a possibility that enough sound-money Democrats will refuse to vote for him to prevent his election. A good deal worse thing might happen to the Democrat party in that State and in the nation than such a result."

When your child is eating an apple or a piece of bread put one of Dr. Bell's Tiny Tonic Tablets in it. If there is any constipation here it will pass off just as easy. All dealers sell them at 25c a vial. Z. Wayne Griffin & Bro.

There is nothing that adds more to the appearance of a town than good clean streets. The reverse is too true if the streets and alleys are allowed to be filled with rubbish, or if weeds are allowed to grow in them or along the sidewalks. Some of our streets need cleaning very much. A little money expended in this way would be the proper thing to be done. Every one loves to see neatness about the premises of individuals. Let's have some of it in the streets.

Newspaper Circulation. A recent issue of a newspaper publisher in one of the largest cities in the country gave the leading position on its editorial page to a double-headed announcement of the abandonment of the issuance of an "art supplement" and the adoption of another scheme, remarking that "for the ornamentation of the library and parlor better art publications are needed than any that can be sent out in the folds of a great newspaper."

It is a wonder that an lunking of the insufficiency of any scheme to increase circulation other than the steady day-by-day or week-by-week making of a newspaper good enough to attract readers does not often enter the acute brains of newspaper managers.

During the past four or five years there have been myriads of schemes concocted to induce people to buy newspapers. Many newspapers have risen to more or less dizzy heights of

prosperity, and have gradually sunk again to the level of their merits as newspapers. Some, indeed, have shrewdly recognized the illusory nature of the promises held out by the coupon, the book, the picture, and other devices and have used them merely to attract attention to their substantial merits. These have profited permanently. But for one that has followed the schemes with real improvement, and thus held some of the transient readers, there are scores that have not done any thing of the sort, and have gained nothing but an unpleasant experience.

Their is but one way too boom circulation that is really worth considering. It is to make a good paper.

Everybody feels the need of a newspaper, and everybody is going to buy the best newspaper offered him—according to his basis of judgment of which the best is.

It follows, as night follows day, that to successfully boom circulation the needs and tastes of prospective buyers must be carefully studied, and then the paper must be made a good paper, according to the judgment of the people who are expected to read it, rather than according to the taste of the man who makes it.

The fundamental error of a large proportion of editors who do not attain the degree of success they desire is that they endeavor to induce the people to read their sort of a newspaper. Now a man wears the sort of clothes that suit his own taste. He also reads the newspaper that comes nearest to giving him the sort of newspaper reading he wants.

To people hungering for a newspaper it is useless to offer cheap reproductions of paintings, cheaper gotten up books, etc. It is useless to offer them anything but the sort of newspaper they demand. What grocer would think of wrapping up a sweet potato for a customer that called for a lemon?

It is the news that people want in newspapers, and when they buy newspapers. A full recognition of that fact must constitute the foundation stone of any and all schemes to boom circulation, or the manager will be forced to "eat snowballs," or apples of Sodom.—[Ex.]

A Farewell Sermion. A country minister in a certain town took permanent leave of his congregation in the following pathetic manner. "Brothers and sisters, I come to say good-by don't think God loves this church, because none of you ever die. I don't think you love each other, because I never marry any of you. I don't think you love me because you have not paid my salary. Your donations are monitory fruit and wormy apples and 'thy fruits ye shall know them.' Brothers, I am going away to a better place. I have been called to be a chaplain of a penitentiary. Where I go ye cannot come but I go to prepare a place for you, and may the Lord have mercy on your souls. Good-by."

BILIOUS ATTACKS. THE REPUBLICAN PLAT FORM.

Dofonso of a Muoh and Long Maligud Organ.

The Popular Idea That Such Complaints Point to Liver Trouble declared by a London Authority to be erroneous.

It is impossible to alter the English language for the sake of insuring pathological accuracy, and, however erroneous may be the idea conveyed, the phrase "bilious attack" stands as representing a group of symptoms which are popularly supposed to point to disordered liver as their origin. It is important, however, says the Hospital, not to be misled by such phraseology. Confident as the man in the street may be in the efficacy of his liver as the cause of all his woes, we know, and ought to act upon the knowledge, that in so-called "biliousness" or "bilious attacks" the liver is only a secondary sufferer.

In a lecture by Dr. Sanby, recently published in the Clinical Journal, it is emphatically asserted that an ordinary bilious attack is really an attack of catarrhal inflammation of the stomach and duodenum. Perhaps we should feel inclined to lay more emphasis than he does on the importance of neurotic element and the necessity, and even the difficulty, of differentiating from pure gastro-duodenal catarrh cases of migrain or of gastric neurosis. It is clear enough to those who see much of such cases that no strict line of demarcation can always be drawn. It thus often enough occurs that, even in obviously neurotic ailments, the traditional blue pill and salino are found of service; not that they cure the neurosis, but they relieve the superadded inflammation.

Still it must be recognized that "biliousness" and "bilious attacks" are related to stomach and duodenum and not to liver, and that in their causation there is no inflammatory element which must be considered in their treatment. If we look on "biliousness" as due to a "torpid liver," which requires stimulating, we land ourselves in the fogs of some of the most disputed points in therapeutics; but if we accept what physiology and pathology teach us, viz., that it is the result of an inflammatory change in the mucous lining of the stomach and duodenum, the treatment becomes plain. Simple, nourishing food, which will not injure the tender lining of the stomach, and will not by its fermentation stretch and strain it, together with such aperients as will induce it speedily of its contents and leave it soon at rest, give us the best hope of quick relief.

Dr. Sanby says that Abernethy defined a bilious attack as that condition which is relieved by a blue pill, and it is still true that five or ten grains of blue pill at bedtime, followed in the morning by a teaspoonful of Carlsbad salts dissolved in hot water, and slipped while dressing, gives the best results in this complaint. The treatment of bilious attacks is to be conducted not on vague notions of stimulating the liver, but in accordance with the well-known principles of treating inflammation; rest, so far as may be, to the inflamed part, and drainage, by blue pill, to remove the products of its inflammation.

TO HEAR THE PHONE. Naisy Shops and Factories Adopt a Whistle Call.

Manager Fowler, of the telephone exchange, Ashland, Ky., has devised an ingenious attachment for telephones, to be used in factories and shops, where the amount of noise makes it almost impossible to hear the call bell of the instrument. It consists of a steam whistle, which is turned on by means of a lever operated by magnetism. When the instrument is called from the exchange, the bell rings as usual, and by the electric current passing through a magnet, a weight is released which pulls the lever to the whistle. Once started, the whistle keeps up its shrill note until some one answers the call and turns off the steam, which is done by simply replacing the weight. One of these attachments is being placed at the local steel plant, another at the tannery, and several more will probably be installed in sawmills and similar establishments. — Cincinnati Tribune.

Interested in the Emblem. "A friend of mine," said the door-walker, "asked me the other evening to go and call on some friends of his who had lost the head of the family the day previous. He had been an honest old laborer with the pick and shovel. While we were with the family an old man entered who had worked by his side for years. Expressing his sorrow at the loss of his friend, and glancing about the room he observed a large floral anchor. Scrutinizing it closely, he turned to the widow and in a low tone asked:

"What's sent the pick?"—Chicago.

FRIDAY, SEPTEMBER 20, 1895.

Hon. G. W. Long
will speak at the
Court House in
Hartford next Mon-
day, the 23d.

The leading question of the day
—is it hot enough for you?

LOUISVILLE has a Girl's High School
and a Female High School.

"DEMOCRATIC Harmony"—what is
it? There ain't any such thing any-
way.

The man who has the courage of
his convictions will oppose the evils
of the times—the Democratic party.

KENTUCKY has had many deadly
feuds, etc., but the quarrel of the
Democratic party promises to be the
greatest of them all.

INCONSISTENCY is the most notable
thing of the Democratic party.
In fact that is one of the things it
is noted for.

The stampede in the Democratic
party is inevitable, and the men who
are attempting to prevent it are the
ones who want office.

PRESIDENT Cleveland may be all
right as the umpire of a baby show,
but when it comes to umpiring the
fight in the Democratic party he is a
complete failure.

The Georgetown Sentinel is the
name of a new Republican paper pub-
lished at Georgetown, Ky., by Mr. L.
F. Sinclair. It is a bright, new paper,
well gotten up, and is a model
country paper.

In speaking of the Democratic dis-
turbance at Eminence the Springfield
News-Leader says:

"The Kentucky Democrats who re-
fused to listen to the Republican can-
didate for Governor must have been
afraid his argument would make Re-
publicans of them."

The trial of Durrant in San Fran-
cisco charged with the Emanuel
Church double murder has been go-
ing on for nine weeks and the Com-
monwealth has not yet finished. The
chances for conviction are better than
in the earlier stage of the trial.

PISO'S CURE FOR
COPPERHEADS
CONSUMPTION

ACCORDING to a Tennessee paper
there are now only two Democratic
strongholds for certain. It says:
"When Bradley carries old Ken-
tucky it will only leave two other
Democratic strongholds, the State of
Texas and that of perdition."

On last Saturday the Mora Claim
to the extent of \$1,449,000 was paid
to the Government by Spain and thus
an international dispute of twenty-six
years standing is settled. The claim
was for the destruction of the prop-
erty of Mora during one of the num-
erous revolutions in Cuba.

CAPT. S. K. COX, Democratic nom-
inee for Representative, has with-
drawn from the race. This is a vir-
tual throwing up the sponge by the
Democracy, and only seals the elec-
tion of Barnett which was already
certain. Capt. Cox is a shrewd pol-
itician and knows a thing or two.

The great Encampment is over
and the praises of Louisville are sung
over the Republic from Maine to
Texas and from Florida to Puget
Sound. The reception tendered the vet-
erans and visitors was in keeping with
the occasion and the hospitality for
which Kentuckians are noted. In
many respects the Encampment was
the most successful and enjoyable of
recent years, if not in the whole his-
tory of the organization.

A DECIDED improvement is going
on in Hartford just now, which shows
enterprise and good judgment, on the
part of our Town Trustees and citi-
zens. New brick walks are being
built along Washington Street, holes
are being filled in the principle Streets,
Capt. Cox is erecting a handsome
brick building, and the town is thor-
oughly alive with business. With
slack water navigation Hartford will
rank foremost with the thriving towns
of the State.

At every appointment Col. Brad-
ley is given an ovation. Large and
increasing crowds go out to hear him
and the prospects of his election con-
tinue to grow brighter. He is a pa-
triot with the earnest desire for the
people's interest and he has their con-
fidence. He stands squarely upon his
party's platform, for Protection to
American industries and labor, for
Sound Money and for reform in the
administration of State affairs. He
is in accord with his party on all ques-
tions and when a man casts his vote
for William O. Bradley he knows that
he votes for a candidate who repre-
sents his party and the platform on
which he was nominated.

MR. HARDIN, in the hopes of get-
ting a crowd to speak to is following
Col. Bradley in some of his appoint-
ments, the former speaking a few days
after the latter. Mr. Hardin would
be glad to make the impression that
he desires to meet Col. Bradley on
the stump, but those who kept inform-

ed as to the run of the debates up to
the Eminence insult, are of far dif-
ferent opinion.

THE County Fair is an institution
which merits the patronage of the
people. It is essentially a public en-
terprise. For while the promoters
expect to have a return for their out-
lay, few Fairs bring in more than is
expended upon them. So that if no
good results to the people generally it
would seem in a majority of instances
Fairs would be mere wastes of en-
ergy. But the facts do not warrant
the latter conclusion. The people
are benefitted by the county Fair and
the measure of interest they manifest
toward it, the patronage they ex-
tend to it. The exhibition and com-
petition of live stock, agricultural
products, the arts, agricultural im-
plements and other displays which
go to make up a County Fair can but
influence the public favorably and
beget a spirit of emulation in the pro-
duction of like products in the future.
Not everybody can have an exhibit,
but everybody should attend, not on-
ly to encourage a most worthy enter-
prise, but to learn, and thus be pre-
pared to go and do likewise.

College News.
In spite of warm weather the school
is progressing finely, and each week
new names are added to the list of
pupils. Much interest is manifested
by every one, and quite a prosperous
year is expected.

Miss Bettie Crabtree, Panther,
and Mr. Walter Scott, Prentiss, were
new matriculates Monday.

Mrs. J. R. Pirtle, City, and Mrs. J.
E. Pirtle, Versailles, were visitors at

Prof. Richard Foster has been very
sick this week, and in his absence
Mr. C. M. Crowe has been hearing his
classes.

Last Friday evening about twilight
a crowd of merry girls were seen
wending their way towards the Col-
lege Hall to visit their brother Ad-
elphians. An interesting debate and a
talk from Dr. Alexander on Society
work were the features of the evening,
and each one present was highly en-
tertained.

The Hypathan Society has twenty-
one members, and is doing a grand
work.

To the Voters of Ohio County
FELLOW CITIZENS:—I am before you
as the Populist candidate to rep-
resent Ohio county in the Lower House
and am asking the suffrage of every
honest producer of wealth. If elect-
ed, I pledge myself to work for the
best interest of Ohio county, and look
after and guard your interests to the
best of my ability. I promise also,
that my vote for United States Sen-
ator shall go to that candidate whom I
think will best subserve the great
majority of Kentuckians on the cur-
rent question, viz: The enactment
of a law for the free and unlimited
coinage of both gold and silver at the
present legal ratio of 16 to 1. No one
will appreciate your vote more than
myself.
Respy,

Rev. E. J. Maddox Dead.

Rev. E. J. Maddox, the well known
Baptist minister of Owensboro, died
at his home in that city last Sunday
night after an illness of several weeks
of typhoid fever. The end was not
unexpected as the doctors had given
up all hopes of his recovery. Bro.
Maddox was about thirty-six years of
age and was born and reared in Ohio
county near Rockport. He had been
preaching about eight years and was
regarded as one of the rising young
men in the Church. He had been
prominently identified with about all
the church gatherings for the last
few years and was Secretary of the
Davies County Baptist Association. He
leaves a wife and one child, to-
gether with a host of friends and re-
latives to mourn his loss. The re-
mains were buried Monday at West
Providence.

next Wednesday,
Sept. 25th, the Ohio

gin.

To the Public.
This will tell you that "Uncle Joe"
the celebrated clothes cleaner, dyer
and restorer will conclude his work
here on the 25th, for the present, and
no more goods will be received by
him after that date. Thankfully for
past favors and hoping to receive
your further patronage on my return,
I am, yours very truly,

Our neighbors, the Muhlenberg
Fair Company, are resolved to excel
this year at their annual meeting,
beginning October the 9th, and con-
tinuing four days.

They are erecting a new Floral
Hall—have engaged one of the most
famous bands in the country—the
Emma Warren Orchestra. They have
each day filled with new and novel
attractions, which were never before
exhibited on their grounds.

New and novel rings, together
with exciting contests of unique char-
acter and as a "cap" to the whole af-

ring on the third day. The contract-

maid, groom and paison will be
mounted on horseback and the cer-

To the members of the Hartford

method of thanking you for the com-
plimentary ticket to the meeting of
the G. A. R. Encampment at Louis-
ville. To say that you have given us
four days of unlimited pleasure but
teebly-expresses it. In a word it
has been an opportunity of a life time
to us for which we acknowledge our-
selves indebted to you and further re-
alize that we shall be unable to re-
pay you for this kindness, but by
loyalty to the men who have toiled
and worked during the war of 63-65
in defense of our common country.

Electric Bitters.

Electric Bitters is a medicine suited
for any season, but perhaps more gen-
erally needed in the Spring, when the
languid exhausted feeling prevails,
when the liver is torpid and sluggish
and the need of a tonic and alterative
is felt. A prompt use of this medi-
cine has often averted long and per-
haps fatal bilious fevers. No medi-
cine will act more surely in count-
eracting and freeing the system from
the malarial poison. Headache, indig-
estion, Constipation, Dizziness yield
to Electric Bitters. Only fifty cents

THE QUESTION IS Gold, Silver or Greenbacks?

We are for all; and have made arrangements to take either at
PAR—in fact at a Premium because our new Fall Stock has
been bought so that we can do this in our prices.

The "Rise" in the Staples and Merchandise generally was
anticipated and we got ahead of it. Now, friends read this:
We have some SPECIALTIES, Our Dress Goods are abso-
lutely the "Newest and Nobbiest" and allow us to say the
FINEST, selected to suit the best trade, besides our Dress
Goods Department is presided over by Miss FANNIE BARNES
who has arranged to suggest the LATEST patterns and cuts. A
lady purchasing a new dress had as well have this advantage,
especially as it costs nothing. Come in soon, and examine
this line.

Another SPECIALTY is, Ladies HEADWEAR. Unless
these goods are the latest styles, they are not "worth a cent,"
hence Miss VIOLA PIRTLE, after years of experience, both
in the city and country trade, is fully prepared to select from
the best markets the LATEST, in fact just what our ladies
want. "Come right along, and see for yourself, and in addition
to this, we have in the Finest Line of Ladies Wraps of every
variety. Look at them, if you want to buy, it will pay you, if
you don't want to buy it will cost you nothing.

In Clothing, no pains has been spared, and we are Head-
quarters for fine Suits. Just come in and look.

In STAPLES we anticipated the "RISE" and are in shape to give our customers these without the jump-
ed-up," which has characterized cotton goods and some other lines. In all other lines we are ready for the
season, and expect a good trade. "Bountiful crops," and "good cheer" are abroad in the land, and now we
need "get-up-and-git," and good goods at right prices to make things right. So come along and try us.

Your S Truly,

HOCKER & CO., Beaver Dam.

Sept. 1895.

FAIR BROS. & CO. NEW Fall Dress Goods.

We have an immense stock and hope soon to have a chance to show you them. We have the correct things and at lower prices than any competition. Black is decidedly the color, while navy blue is much used, as are mixtures and Plaid. Rough Cheviot, Crepon and Bouclé effects are the reigning fad, and Mohair fancies are exceedingly popular.

Black Goods.

We felt sure that black would be the leader, so we bought the largest line we have ever shown. We have about 10 styles in Serges, from fine twills to those new Storm Serges with twills an inch wide. Prices range from 25c to \$1.00 per yard.

Mohair Dress Goods.

Rich, soft "Gros Grain" Secillians at 60c to \$1.00 a yard. Figured Mohairs, both smooth and rough, from 40c to \$1.00 a yard. New Diagonal Mohairs in Serges and Florentines. Mohair Crepons in stripes and figures, all now in demand.

Rough Black Goods.

A fine line of Bouclé and Cheviot effects in new weaves. These will be much in demand for winter suits and skirts.

Sample Black Goods.

We have all the staple weaves, such as Henriettes, Armures, Drop DeAlma, &c., &c. These are always used.

Colored Dress Goods.

Everybody will not want black and for those who do not, we have colored Dress Goods, from our all wool, plain and fancies at 25c yard up to the finest. A great assortment of handsome Plaids in wool and silk and wool. These are to be greatly used for shirt waists; we will sell you over 30 new style Plaids.

Dress Trimmings.

Jet in various styles is still the leading trimming. There is nothing richer on black or colors. We have a great variety of narrow and wide bands and a beautiful line of waist ornaments in fine Jet at reasonable prices. Velvet will also be much used.

Jewel Buttons.

Are the very latest from Paris. These come in imitation, diamonds, emeralds, rubies, &c., &c., and are sure to be greatly used. They are expensive, but only three or four are used on a waist. Don't fail to see these dainties. We have every kind of large buttons for coats, to suit any color. Some of them 3 inches across.

Two Drivers!

7c Yard, Full Standard Dress Ginghams in a beautiful line of Plaids worth 8c.
74c-10c styles in 32 inch "Merino Suitings" in Plaids and stripes would be cheap at 10c.

Millinery Goods.

You may rest assured that we have the latest. Every new shape that is out will compose our stock. Felt and straw hats from 25c to \$1.25. Dainty line of caps and novelties in head wear for the little folks. Don't miss seeing our line.

Ladies Furnishings.

We can show the completest line ladies handkerchiefs, belt buckles, stick pins, shirt waist sets, underwear, hosiery, ribbons, lace, corsets, velvets, silks, parasols.

Clothing.

100 new suits for men in cassimere and worsted, all wool, from \$5 to \$10. 50 child and youth's suits from 75c to \$8. Remember we are HEADQUARTERS for Clothing. We carry a stock that insures you a well selection at prices below competition.

Boots and Shoes.

This line was bought early so we headed off the big advance in shoe leather. We are still able to give you a ladies fine button shoe for \$1.25, also a gent's fine shoe, lace or congress, for \$1.25. A little early for boots, but we have our entire line in, ready for you at last year's prices. If your family is large, come, buy your entire line from us. We will save you money.

We are anxious for you trade and shall endeavor to do our part in getting it. We sell only for CASH, and by so doing are able to sell you goods much cheaper than other houses. Visit us during the fair. Your presence will be appreciated.

He is a hustler for his company and it is safe to say that he writes more insurance than any other insurance agent in the State. He is perfectly reliable and his company is reliable which makes him and his company so popular. As soon as a death is reported to him he goes and upon proof of death claim, he pays the full amount of the policy without delay. Hartford people always welcome Col. Dent.

Marvelous Results.

From a letter written by Rev. I. Gunderman, of Dimondale, Mich., we are permitted to make this extract: I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. When I was pastor of the Baptist Church at Rives Junction she was brought down with pneumonia succeeded by La Grippe. Terrible paroxysms of coughing would last hours with little interruption and seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results. Trial bottles free at Williams & Bell's Drug Store. Regular size 50c. and \$1.00.

A man whose name we failed to learn was drowned in Rough River Wednesday afternoon near Davidson Station. The body was found yesterday. Coroner Hunt was notified and an inquest held.

Col. Bradley at Fordville.

Between 2,500 and 3,000 people gathered at Fordville Wednesday to hear Col. W. O. Bradley.

In the morning the horns, formerly belonging to Rosine, so long the banner Republican precinct, were presented to Fordville in a neat little speech by Prof. C. C. Jan 11. Col. J. S. R. Wedding made the speech of acceptance, on behalf of Fordville Republicans.

In the evening a big procession formed and the thousands marched to the factory which had been sent for the occasion. Hundreds stood at the door and windows unable to find room in the unsummoned building.

Col. Bradley was introduced by Col. Wedding and he delivered a masterly speech to the delight of his hearers. Men of all parties compliment the great effort.

Why Not You?

When thousands of people are taking Hood's Sarsaparilla to overcome the weakness and languor which are so common at this season, why are you not doing the same? When you know that Hood's Sarsaparilla has power to cure rheumatism, dyspepsia and all diseases caused by impure blood, why do you continue to suffer? Hood's cures others, why not you?

Hood's Pills are prompt and efficient. 25c.

A Testimonial.

The following is a touching testimonial to the faithful and speedy performance by the United States Life Insurance Co. of its contract in paying a policy of insurance upon the life of the late F. W. Veiser. Mr. Veiser has been insured but four years and the payment to his family of the amount of his policy comes to the aid of most worthy beneficiaries. Men in moderate circumstances whose families are liable to be left without means by the death of husband and father, should read and think over this letter, which is self-explanatory:

HARTFORD, Ky., Sept. 9, 1895.
COL. S. R. DENT, AGT. U. S. LIFE INSURANCE CO., DEAR SIR:—I desire to thank you and through you and the excellent Company you represent for the very prompt and satisfactory way in which you have dealt with me in the matter of claim for insurance upon the life of my late husband, F. W. Veiser.

The claim with proof of death as required by the policy he held in your Company was made out at this place on August 21, 1895, and on August 27th I received through you a check in full for the amount of the policy. I desire to say that such prompt and business-like dealing with myself and my family is fully appreciated by us and we desire to add this measure of our commendation to the United States Life Insurance Company and its efficient local service in this community.

Very truly, VALERIA VEISER.
